

RCRA CONFERENCE
SCHOLARSHIP APPLICATION
NOVEMBER 11-14
Sunriver Resort

The purpose of these scholarships is to provide interested young professional members with formal Association administrative experience while helping to defray the conference fee. Each selected winner will be expected to assist for approximately ten hours during the conference. Assignments will vary, but may include assistance with the social committee, monitoring, and/or support services. In addition to these assignments, you will be given a board member as your mentor during the conference. The board member will provide you with information regarding the conference, properties that you may be interested in and so much more.

It is the Association's hope that the time spent can be counted as fieldwork or practicum experience and be worthy of inclusion on a resume.

In recognition of their service, each scholarship winner will have their \$175 conference registration fully waived. **To be considered, the student must be a current RCRA member.**

As there are a very limited number of scholarships available, the Association is requesting that each college/university submit only two students. Please complete the information below and return it along with a letter of recommendation from one (1) academic reference, a letter of recommendation from one (1) professional reference, a resume and cover letter explaining why RCRA should select you.

Student Name: _____

University: _____ Major: _____

Concentration: _____ Exp. Grad. Date: _____

University Advisor: _____ Phone: _____

School Address
